

GENERAL VILLA DRIVES ATTACKING FEDERAL FORCES OUT OF THEIR CAMP

By Clever Strategy After
Dark Federals Are Put
to Rout by Rebels

SALAZAR SURROUNDED

General Salazar's Command Is
Reported Surrounded and His
Capture Is Expected Soon

FEDERALS FLEE TO CHIHUAHUA

EL PASO, Tex., Nov. 24.—Simultaneously repulsing a front and a right flank attack, turning the separate attacks into a general engagement along his line of defense, twelve miles long, Gen. Francisco Villa, by executing a clever strategy after dark tonight, drove the attacking federal forces out of their camp before Tierra Blanca and hurried his cavalry after them after they fled in a panic to their trains.

At 11 o'clock tonight Gen. Jose Yanez Salazar's command is completely surrounded south of Saragosa and his capture is expected momentarily. Gen. Pancho Villa has ordered his soldiers to take General Salazar alive so that he may be publicly executed as an example to federal officers and federal sympathizers.

At 10 o'clock it was reported in Juarez that General Salazar's attack on the east wing was successful and that he was advancing on Juarez. Juan N. Mendina, commander of the Juarez garrison, upon receiving the report at once dispatched rebel reinforcements to the east side of the town and began hurried fortifications near and around the race track.

A teamster returning from Saragosa, where he had been hauling ammunition and medicine to Villa's forces, reports that the federals were cut to pieces and that their dead would probably reach 100. Villa has lost about sixteen dead and twenty-eight wounded.

After completely surrounding General Salazar, Villa's forces desisted from further fighting and will make no attempt to fight Salazar unless he makes a break for liberty.

The decisive movement came about 9 o'clock when General Villa, whose right wing at Bañeche had withstood the shock of the federal assaults for two hours and whose left wing, opposite Belen, Tex., had been reinforced from Juarez, apparently abandoned his position at Tierra Blanca, leaving his campfires burning.

The federal forces, bent on a night surprise, advanced upon the position. Halfway to the apparently deserted Villa camp they were confronted with not only Villa's main column, but detachments from the right and left wings.

A battle began that soon turned to a rout of the federals who in disorganized flight were unable to distinguish friend from enemy.

Hurled Cavalry at Federals.

When the rout was well advanced to the camp of the federals, General Villa hurled his cavalry at the federals and withdrew his infantry. The federals are reported in full retreat upon Chihuahua, which, an unverified report states, has been occupied by General Cao, with a constitutionalist force.

The entrance of Cao into the city if true is believed to have followed immediately upon the withdrawal of a reserve force of federals to Samalayuca when the first attacks of the federals on Villa's army failed.

Precautions were taken late tonight by the rebels at Juarez against the possibility that the federals could yet penetrate the constitutionalist lines and surprise the city whose forces are depleted by the reinforcement of Villa.

Huerta Makes Statement.

Mexico City, Nov. 24.—President Huerta has inaugurated a plan to obtain from congress official endorsement of his acts since the dissolution of the former congress by sending to the chamber today, through the department of finance a statement of the use he had made of the power of that division of the government. The report was referred to a committee which it is expected will act favorably before the end of the week. The statement dealt with the decrees relating to increased taxes and banking measures.

The chief interest at the national palace now centers in the possibility of the president raising more money early in December. According to officials, the government had not abandoned hope of obtaining 50,000,000 pesos in London under the terms of the 200,000,000 pesos bond issue of several months ago.

Almost a train load of Americans, who have been living at Vera Cruz as refugees, returned to the capital today. Conditions in Mexico City are practically normal.

According to the war department a rebel attack on Mazatlan has been repulsed with heavy rebel loss.

Develops Separate Engagements.

EL PASO, Texas, Nov. 24.—A general attack, front, right and left flank, delivered practically simultaneously this afternoon by General

Salazar, Rojas, Caraveo and Landa, drove in the skirmish line of General Francisco Villa and has developed separate engagements below Bañeche on the front and along the border opposite Belen and Ysleta, Texas to the east. The frontal attack upon the constitutionalists under General Villa began at 4:30 about 25 miles south of Juarez, according to an American who reached Juarez at 6 o'clock this evening.

The artillery on both sides was engaged. A report that the federals were attempting a flank movement from the west reached Juarez about the hour the frontal attack was reported. Two hundred mounted men were despatched at Rancho Flores to hold the western mouth of the pass which entered the town from the west.

Later reports stated that General Villa's western flank under command of General Rodriguez and Colonel Talamantes had engaged the federals at 5 o'clock. These reports came from American employees of the Mexican Northwest railroad who reached Juarez tonight for below Bañeche. These reports stated the federals were first repulsed in an attempt to break through the rebel line but returned with reinforcements and a desperate battle was on when Americans left.

Simultaneously with the report of the attack on the west, came a report that skirmish line of the constitutionalists east of Belen, Texas, was being driven in and the federals were advancing on Juarez. The remainder of the rebel force at Juarez, was rushed to the region opposite Ysleta and Belen while additional reinforcements of infantry were hurried to Flores Rancho to help check the flank movement from the west.

American Troops Ready.

On the American side all troops at Fort Bliss were made ready for immediate action and Troop C, Thirtieth Cavalry and a machine gun platoon were ordered to El Paso to reinforce the border patrol. Reports from all sides at seven o'clock declared that all the engagements were general. At that hour word was received from General Villa that he was holding the federals back at the front and ordered ammunition and provisions rushed to Tierra Blanca.

Auxiliary hospitals are being fitted up in Juarez tonight and a large quantity of medical stores being exported from here.

Before the development of the federal assaults General Villa's soldiers withdrew from their positions.

Wounded from the battle opposite Belen, Texas, are crossing the border to the Texas side. Jose Gonzales, the first to get into El Paso says a general battle is on southeast of Juarez.

The battle opposite Belen appears to be a general engagement and artillery is being used by the federals.

More than 10,000 rebel and federal troops are engaged in the three battles. Of this number General Villa claims to have 7,000 in his command, while the federals are reported to number about 4,000.

Villa's men are split into three divisions, the center near Tierra Blanca and two wings extending to the left and right for 12 miles. With General Villa commanding the center the right wing is under command of General Rodriguez and Col. Porfirio Talamantes.

The left wing is commanded by General Rasallos Hernandez and Benavides. General Herra and Col. Ortega are with General Villa at Tierra Blanca.

The federals claim to have at least twenty pieces of artillery while the rebel artillery division is made up of about ten field guns and 15 machine guns.

Late advices say the federals were reinforced by federal troops from Chihuahua and reports reaching Juarez tonight said that General Pascual Orozco and General Salazar have brought two thousand additional federal troops from the state capital and are engaged in the battle. Reports reaching the United States Border Patrols east of Juarez tonight were to the effect that General Pascual Orozco with 4,000 men attempted to leave from Samalayuca around the left wing of General Villa's army with the object of entering Juarez, but the rebel wing, reinforced by troops from Villa's main body drove back Orozco's forces. The report also said Chihuahua has been evacuated by the federals and the city occupied by rebel troops under General Manuel Chao.

Americans were ordered out of Juarez tonight by Col. Juan N. Medina, commander of the rebel forces there. Detachments of rebel soldiers went through the streets arresting all Americans they met and escorting them to the international bridges where they were deported. Col. Medina explained this necessary to protect the foreigners in event the rebel forces met with defeat.

Bryan Denies Report.

Washington, Nov. 24.—Secretary Bryan today called to Charge O'Shaughnessy at Mexico City an emphatic denial of a revived report that American marines were to be landed on the east coast of Mexico to protect foreign oil interests. The rumor had gained such wide circulation in the Mexican capital that Mr. O'Shaughnessy asked about it.

Instructions have been sent by Secretary Daniels to Rear Admiral Fletcher commanding the American fleet off the Mexican coast to proceed at once from Vera Cruz to Tampico and Tuxpam to investigate conditions there.

TAX LEVY FOR 1913 MAY BE HIGHEST IN YEARS

RATE WILL BE ANNOUNCED AFTER
MEETING OF TAXING BOARD FRIDAY

Chairman Shanahan of the Appropriations Committee of the Lower House Predicts That Levy This Year Will Be Between 71 and 72 Cents on the Hundred Dollars.

SPRINGFIELD, Ills., Nov. 24.—David Shanahan of Chicago, chairman of appropriations committee of the forty-eighth general assembly, was here today in consultation with state taxing board regarding tax levy for 1913.

At the conclusion of the conference with Governor Dunne, State Auditor James J. Brady and State Treasurer William Ryan, Shanahan expressed the opinion that the levy this year will be between 71 and 72 cents on the hundred dollars, which is highest in fifty years. The rate will be announced following a meeting of the taxing board next Friday.

Democratic administration department heads say rate must be so abnormally large this year because, as they charge, the rate last year under the Republican administration was fixed too low to raise funds to meet the state's ordinary running expenses. The high rate this year they explain, is necessary to meet deficits. It was explained today after the conference that the last state tax levy fell about \$4,000,000 short of amount necessary for operation of government and to meet legislative appropriations. The forty-seventh general assembly appropriated \$10,000,000 more than did the forty-sixth, but the Republican taxing board, instead of the sixty-four cent levy which was necessary to meet the increase made only a thirty-eight cent levy. While members of the board declined to discuss the subject it is believed an investigation is being made into the records of the closing two years of the last administration to determine why the tax levy was deficient.

OSWALD JENKINS ACQUITTED OF SERIOUS CHARGE AGAINST HIM

Jury Seemed Convinced That He Had
Proved an Alibi—Dan McNamara
on Trial for Assault With Intent
to Kill.

In the circuit court Monday Judge Thompson and a jury listened the greater part of the day to the testimony and argument in the case of Oswald Jenkins, charged with rape. The prosecuting witness was Lucile Roberts, now an inmate of the home for girls at Geneva. There were many witnesses and the main intent of the attorneys for the defense, T. Forrest Smith and P. P. Thompson, was to prove an alibi for their client. States Attorney Tilton conducted the prosecution.

A number of witnesses testified that Jenkins was in Springfield at the time of his alleged improper conduct here. The jury, after considering the evidence, returned a verdict of not guilty. The jurors were: W. J. Houston, Herbert Henderson, George Harley, Robert Clifford, James Stout, W. B. Groves, Roy Mawson, Walter Rabjohn, Fred Doherty, C. W. Cully, Harry Hopper and Edward Landis.

The next case called was that of Daniel McNamara, who is charged with assault with intent to kill. The trial is the result of an attack made about a year ago on Willie Gray, McNamara's attorney is J. O. Priest and State's Attorney Tilton is conducting the prosecution. The jurors are: W. G. Wolfe, W. J. Brown, Sam Mills, H. S. Cully, L. M. McAllister, Robert Clark, T. J. Self, Felix Simms, W. C. Howe, S. A. Quigg, W. E. Mayfield and Harry Johnson.

The following were the docket entries Monday:

Common Law.

David Estaque vs. Ann Wilson and Frank L. Wilson, partners, etc., assuming to sue, made for continuance and motion allowed.

Chancery.

James R. Seymour et al. vs. Parker Seymour et al., bill for partition; report of commissioners approved and decree for sale.

WOODMEN HUSBAND CORN.

Arthur Seymour of near Woodson who for several months has been disabled by illness, was happily surprised by the sudden arrival Monday of 26 wagons and over thirty members of his lodge of Modern Woodmen who hushed all the corn for him from a field of thirty acres.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, Nov. 24.—For Illinois: Increasing cloudiness and somewhat warmer Tuesday; rain at night or Wednesday; moderate winds, becoming southeast and south, probably increasing by Tuesday night.

Temperatures.

RAILROAD MEN ARGUE FOR RATE INCREASE

Claim Earnings are Not Commensurate With Increased Cost of Roads' Operation

49 RAILROADS REPRESENTED

Figures Submitted Show Net Operating Income for 1913 Decreases \$14,000,000—Increases \$201,000,000 Since 1910

PROTESTS FILED AGAINST INCREASE

WASHINGTON, Nov. 24.—That railroad earnings are not commensurate with the increased cost of operation, higher taxes and wages and additions to equipment necessary to meet commercial demands of the country was submitted today to the inter-state commerce commission by representatives of the railroads arguing for a general increase of five per cent in the freight rates. The claim filed by railroads operating in the territory east of the Mississippi and north of the Ohio and Potomac rivers was upheld in a preliminary outline of the railroad situation by Daniel Willard, president of the Baltimore and Ohio railroad representing for the occasion the eastern roads and Frederic A. Delano of the Wabash for the central roads. Statistics tending to show the curtailment of earnings as compared with increased costs were submitted by an accounting committee composed of C. M. Bunting, controller of the Pennsylvania railroad; W. C. Wishart, statistician of the New York Central lines; W. H. Williams, third vice president of the Delaware and Hudson company; C. P. Crawford, controller of the Erie railroad and Geo. M. Shriver, secretary vice-president of the Baltimore and Ohio railroad.

President Willard in an opinion statement asserted that railroads in the territory concerned had expended in property investments in the last three years \$600,000,000 and that in the year 1902, \$16,311,321 less than for the year 1913. He argued that the five per cent increase applied for was not as much as the railroads were entitled to and in this he was supported by President Delano who urged that in fixing rates the territory should be regarded as a special commodity. Figures for the first few months of this year were less encouraging than the results since 1910.

Shriver Submits Figures.

Figures submitted by Vice-President Shriver for forty-nine railroads in the territory involved showed that the net operating income for 1913 had actually decreased more than \$10,000,000 while operating expenses and taxes had increased \$201,000,000 since 1910. Another table combining the interests of the New York Central, Pennsylvania, and Baltimore and Ohio systems showed that the net operating income had decreased \$8,380,710 since 1910. It was also shown that in this period the property investment for these three roads had increased 51.60 per cent; gross earnings 63.35 per cent, while the net operating income had increased 29.80 per cent.

C. M. Bunting of the Pennsylvania system, testified that the return on property investment on that system had shown a declining tendency since 1903 and a steady decline since 1910.

Mr. Bunting cited statistics to show loss of revenue and increase of expenses.

W. C. Wishart of the New York Central said that system since January 1, 1910, had added \$159,000,000 to the property which it devotes to public use. He presented a long array of figures in support of his contention that the amount invested and the expenses of operation had shown great increases while the receipts had largely fallen off.

Vice-president Shriver of the Baltimore & Ohio railroad presented statistics relating to the Baltimore & Ohio railroad which summarized the effect on that company's income for 1913 for the changes which have come about since 1910.

Several Protests Filed.

Several protests against the proposed increase in rates were formally filed today. Tomorrow the railroad companies will continue to present testimony and when this is all in, by Wednesday at the latest, the committee will adjourn until hearing early in January. At that time the shippers and general public will be given an opportunity to present their side of the case. Meantime Louis D. Brandeis, counsel for the commission will investigate the claims of railroads. Formal protest against Mr. Brandeis' appearance in the case on behalf of the commission was filed today by T. C. Spellman, an attorney of New York. The protest was placed on file.

CHANGE OF BUSINESS.

Notice is hereby given that we have purchased the shoe store of James Phalen, underneath the Farrell bank on West State street, the same to be known as Johnson Bros. We shall endeavor to maintain the standards set up by Mr. Phalen and shall make every effort to please you and deal with you fairly.

ALL IN READINESS FOR WHITE HOUSE WEDDING

ENTIRE BRIDAL PARTY REHEARSES IN
DETAIL THE CEREMONY OF TODAY

All Ambassadors and Ministers Will Appear in Their Full Uniforms and These, Together With the Uniforms of the Military and Naval Aides Will Give the Occasion More of an Official Atmosphere.

WASHINGTON, Nov. 24.—The flutter of happy anticipation of tomorrow's wedding of Miss Jessie Wilson and Francis Bowes Sayre reigned supreme at the White House today.

Through the twilight hours, in the softly diffused light of the east room, the entire bridal party rehearsed in detail the ceremony of tomorrow. Later the dinner folks were entertained at a dinner and dance by the officers of the United States steamship Mayflower, the president's yacht, anchored at the navy yard. The elders—that is, the relatives and members of the families of the bride and bridegroom—were the guests of president and Mrs. Wilson at a dinner at the White House. Secretary McAdoo was the only official present. The guests were grouped in the state dining room amid decorations of palms and lilies and under the brilliant glow of silver chandeliers and crystal pendants. Just before the dinner as the younger set pressed to motor to the navy yard, persons walking through the grounds caught a glimpse of the bride party, the girls in handsome gowns and robes and the ushers, best man and groom in evening attire. It was a happy scene, a reunion of companions of school and college days. Three motors drew up under the porch steps at a moment later and the party of twelve whirled away to the navy yard.

Decide to Wear Uniforms.

The news that the members of the diplomatic corps had decided at the last minute to wear their resplendent uniforms heightened interest in the event and it promises to be as brilliant a function as has ever taken place in the executive mansion. Today Jules Jusserand, the French ambassador, at present dean of the corps, will wear the uniform of the corps, as a special compliment to the president, the ambassadors and ministers would be expected to appear in their full uniforms. These, together with the uniforms of the military and naval aides, will lend little more of the official atmosphere than at first was expected. Today's rehearsal took place in the east room. The bridal party had been entertained by their hosts. Secretary Bryan had given a luncheon for Dr. Willard T. Grenfell, the best man, at which clergymen of every denomination were present. The president forebore his usual game of golf and devoted the afternoon to the wedding preparations.

Rehearsal Ceremony.

The bridal party assembled in the state dining room and to the strains of the bridal chorus from Lohengrin, played by the United States Marine band, they issued forth by twos, moving in slow step along the red-carpeted floor, and passed into the historic room where an altar massed palms and flowers had been erected.

Charles Evans Hughes, Jr., and Dr. Gilbert Horrax, the first two ushers were escorted by a uniformed aide. They were followed by Dr. DeWitt Seville Clark and Benjamin R. Burton. First in the procession of bridesmaids were Miss Eleanor Randolph Wilson, the president's youngest daughter and Miss Agnes Mitchell Scott of Princeton, N. J., and Miss Maryjane Brown of Atlanta. The maid of honor, Margaret Wilson, walked alone for loved by the bride leaning on the arm of the president.

The procession was repeated twice. On the exit march the band played Mendelssohn's wedding march.

After the rehearsal Miss Wilson served tea to the party and the company separated for the evening function. The Rev. Sylvester W. Beach of Princeton, N. J., who is to perform the marriage ceremony was present during the rehearsal. He will read the marriage service, while the Rev. John Nevins Sayre, a brother of the groom will pronounce the benediction.

It became known that the double ring service and the order of the marriage of the Presbyterian church would be followed. Arrangements for tomorrow's event were still being made tonight at the executive offices. A staff of clerks was at work preparing lists for the attaches to be stationed at the various entrances. Announcements were being mailed to several thousand people. Wedding gifts continued to arrive in boxes and packages innumerable. Over the presents a guard stood all day and night. It was learned that the gift of President and Mrs. Wilson is a dining room set of furniture.

A second wedding cake was presented by the senior class of the National School of Domestic Arts and Sciences. A delegation representing 500 New York factory girls presented Miss Wilson with a hand embroidered petticoat.

J. H. S. CELEBRATION.

The J. H. S. students enjoyed a half-holiday Monday morning on account of their victory in football over Peoria Saturday. Yells were given at the school and then a line of parade was formed, the principal portions of the business section being visited, ending in a trip to Illinois college.

WILL INVESTIGATE COLD STORAGE PROBLEM

MCREYNOLDS WILL SEARCH FOR AL-
LEGED COLD-STORAGE CONSPIRACY

Representative Britton Calls for an Investigation of Report That Poultry and Dairy Products Are Being Piled Up to Mountain-High Prices and Force Them Higher.

WASHINGTON, Nov. 24.—Another federal investigation into the high cost of living, promising criminal prosecutions if Attorney General McReynolds can find an alleged cold-storage conspiracy, got under way today and a congressional investigation of a definite phrase or the cost of living problem was threatened.

Owing to a report that poultry and dairy products are being piled up in cold storage to maintain high prices and even force them higher, Representative Britton of Illinois called for an investigation.

Announcing his intention to ask for a congressional investigation of the navy's beef contract, Congressman Britton declared he wanted to develop why the public could not benefit by the advantage of buying from Australia if the navy could do so.

Representative McKeller of Tennessee has pending in the house a bill to prohibit interstate transportation of any food products kept in cold storage more than ninety days. He contends its enactment into law would go far toward solving the cold storage question. Agents of the department of justice took up their work today in all the principal cities. They will report particularly on eggs and dairy products and will attempt to make an estimate of the quantities in cold storage and how long they have been there.

Statistics gathered by the agents of the department of labor, made public here from month to month, show that in all the principal industrial centers of the United States the prices of foods needed by the average workman's family have been steadily raised for the last twenty years, and in a great many instances have passed the high price margins of 1907, which were then unprecedented.

Sugar, according to these statistics, is the only commodity showing a reduction.

Any congressional investigation will be separate from that of the department of justice. Attorney General McReynolds agents will make their reports direct to Washington and what evidence is gathered will be weighed to determine whether there are any grounds for prosecution.

SENIORS OF WOMAN'S COLLEGE GIVE CLEVER ONE ACT PLAY

"The Mouse Trap," by W. D. Howells, Presented by Class of '15 Before Large Audience—Glee Club Makes First Appearance.

A large and well pleased audience witnessed the performance Monday evening by the senior class of the Woman's college of one of the most clever of the shorter works of William Dean Howells, "The Mouse Trap."

"The Mouse Trap" is a one act farce depicting the terrors latent in the diminutive beast, even among a number of stout-hearted upholders of suffrage. One change was made in the program as first announced on account of illness, Miss Clara Kelly of the senior class was kept from taking part and her place was taken by Miss Margaret Coulton of the sophomore class. At the conclusion of the entertainment, coffee and sandwiches were served by young ladies of the sophomore class. The play ended with the application of the pledge of the seniors toward the endowment fund.

Yesterday evening was the first appearance this year of the College Glee club. The club is composed of sixteen young ladies with voices well harmonized for their respective parts. They are: Irene Curran, president; Roma Sarthout, Nina Slaten, Mabel Stoltz, Mary Violett, Bonnie Derry, Helen Jones, Louise Hughes, Naomi Davis, Annie Wells, Hattie Clem, Fern Hartsuck, Edna Robb, Essie Summers, Edith Heit and Freda Fenton.

Much credit for the success of the play is due to Miss Johnston who had charge of the work of training for the presentation of this humorous sketch of Mr. Howells.

"While I Have You," "Goodbye, my Lover, Goodbye," and "College Song" were sung by the glee club before the presentation of the play.

JOHNSON BROTHERS BUY PHALEN SHOE STORE

The shoe store under the Farrell bank, which has for the last five months been conducted by James Phalen was purchased yesterday by Kent L. Johnson and Verne Johnson who will conduct it under the firm name of Johnson Bros. Both young men are shoe salesmen of experience, Kent L. Johnson having been in the business fourteen years and his brother six years. The store on West State street was started about six months ago by Mr. Phalen and Kent Johnson in partnership but the latter selling his interest in a short time the store was conducted by Mr. Phalen alone.

SEN. OWEN DEFENDS CURRENCY MEASURE

Asserts Administration Bill Will
Remove Great Dangers of Coun-
trys Present Financial System

RESERVES NOW IN NEW YORK

Senator Declares Currency Bill Will Enable
N.Y. Banks to Withdraw Funds from Stock
Exchange and Use Them for Commerce

SENATOR HITCHCOCK HEARD TODAY

WASHINGTON, Nov. 24.—Under the present system the bank reserves of the country are concentrated largely in New York, where they are loaned in speculative accounts on the New York stock exchange. Senator Owen asserted today in opening the debate on the currency bill in the senate, he declared that the administration bill as reported by the democrats of the banking committee would remedy this objection. Senator Owen reviewed the bill and urged that by creating a market for discounted commercial paper and by mobilizing the reserves in public utility regional banks the measure would remove the great dangers of the present financial system. Declaring that at present New York bankers who hold a large percentage of the country's reserve are forced to place those reserves in call loans on the stock exchange, the senator said:

"We are advised by representative New York bankers that the banks the security which had to have the system improved by the establishment of federal reserve banks strong enough to furnish money on demand against good commercial bills and thus enable the New York banks to withdraw their funds from the stock exchange, which has become the most gigantic gambling establishment in the world, and place such funds in the service of legitimate industry and commerce. This will be one of the great benefits of the pending measure; that is, it will withdraw from the gambling enterprises on the stock exchange the reserve of the country and enable such reserves to be used for the commerce of the nation."

Explains Security.

In detail Senator Owen explained the security which would be behind the new currency would be used against commercial paper. Besides this paper, he pointed out, the notes would be secured by the liability of the member bank discounting the paper, the liability of its stockholders, the liability of the reserve bank issuing the notes and its stock holding in banks and the guarantee of the United States.

"There has never been issued a note with such safeguards surrounding it by any banking system of the world," he said. Senator Owen urged speedy action on the bill by the senate, declaring banks and business men throughout the country were "holding back" to discover just what the legislation would take. He said that the difference between the divisions of the senate committee should be considered, and as the chairman expressed his willingness to accept some of the proposals made by the anti-administration faction. Tomorrow Senator Hitchcock, who, with the five republican members, constitutes the solid anti-administration half of the committee, will speak in support of the draft of the bill which he reported to the senate.

Opposes Confirmation.

Senator Williams of Mississippi led a fight today to prevent the confirmation of the appointment of L. E. Puckham as governor of Hawaii. It was charged that Mr. Puckham had been identified with republican political activities in the past and that he was not a permanent resident of Hawaii.

After an hour's consideration the senate postponed further consideration of the appointment until tomorrow. The consular appointments sent to the senate Thursday by President Wilson, nearly fifty in number, were confirmed today.

RETURN FROM FUNERAL.

Mayor Davis and Commissioner Brennan Attended Services For Steer at Kewanee.

Mayor George W. Davis and Commissioner J. P. Brennan have returned from Kewanee where they attended the funeral of Robert Steer, a prominent Redman, which was held at Kewanee. In speaking of the funeral the Kewanee Daily Call contained the following:

"With impressive ceremony and solemn rites the body of Robert Steer, prominent Redman and citizen was laid to rest yesterday afternoon in Pleasant View cemetery. Hundreds of his brothers in Redmanhood and many loving friends and relatives gathered at his bier to pay honor and respect to the departed chief. The funeral march was very impressive. Nearly four hundred persons marched in the funeral train of the great Redmen. The band in the lead playing the solemn strains of a funeral dirge. Behind them came the Uniform rank. Next came the officers and members of the lodge 250 strong and behind them over fifty members of Pocahontas. Next came the honorary bearers and behind them the hearse with the active bearers on either side. Behind them the family friends and relatives of the deceased rode in carriages.

At the grave the beautiful and solemn Redmen burial service was held. Marion Oliver, Past Grand Sachem gave the prophetic address. According to the Redmen ritual, a white dove was released signifying the flight of the spirit to the Spirit Land.

"Those who acted as bearers were: G. Elmer Messmore, Frank W. Plummer, L. H. Orschid, Ora Hatch, P. P. Ladd, Andrew Gestrine, Dudley Craig and A. A. Lang.

The honorary bearers were: Wilson Brooks, Great Chief of Records of the United States; A. B. Somers of Westville, Great Sachem; W. B. McFarren, of Chicago, Past Grand Sachem; George W. Davis, Mayor of Jacksonville; J. P. Brennan of Jacksonville, Great Keeper of Wampum of Illinois; George Thompson, of Elgin; and W. F. Whitmer.

J. H. S. IS OUT FOR HIGH SCHOOL TITLE

LETTER SENT TO MANAGER OF SPRINGFIELD TEAM.

Local Football Eleven Believe They Have Equal Right to Claim Championship Honors of Central Illinois—Records of Various Teams.

Jacksonville High school football eleven is out for the championship honors of central Illinois. The wonderful showing of the team against Peoria Manual Training puts them up the ladder so far that by comparison of scores Springfield will have hard work to longer claim the championship of this part of the state. In fact, a letter has been written to Faculty Manager John L. Scott of the Springfield team in which the claims of Jacksonville are set forth by Local Faculty Manager William L. Allcott. The letter reads as follows:

Letter to Springfield.

Dear Sir: Through the columns of the press, Springfield claims Championship of Central Illinois. I do not wish to take any of the honors from Springfield, fairly won. I do claim, on paper, and a just claim, that Jacksonville has the better team. And, furthermore, they are willing to defend their title as Central Illinois Champions against any team who has an equal right. It is true that Peoria Central defeated us 27 to 0, this was accomplished with five of Jacksonville's stars on the hospital list, a quarter and both half backs being out and substitutes, who have never been in the game before were used. Jacksonville playing the game rather than handing out time-worn wolf stories and cancelling it. One week later Peoria Manual Training, defeated Peoria Central 26 to 6 and Saturday we defeated Peoria Manual Training 39 to 6, which you see was cancelling our record by over 60 points. Last Saturday Springfield defeated Peoria Manual Training 7 to 0 and was only accomplished in the last few minutes of play. Again Springfield defeated Lincoln 19 to 0 and one week later Jacksonville defeated the same team, 32 to 0, using substitutes in the last half.

As you can see from comparison of scores, Springfield is a far weaker team than Jacksonville, but owing to their clean record against second class teams this year, Jacksonville is going to give them the first chance if they care to dispute Jacksonville's claim as Central Illinois champions.

Below is Jacksonville's record to date:

Alton 0; Jacksonville 12.
Lincoln 0; Jacksonville 33.
Keokuk 0; Jacksonville 33.
Quincy 6; Jacksonville 33.
Beardstown 0; Jacksonville 9.
Peoria Manual Training 6; Jacksonville 39.

This is the record against Jacksonville's first team. Thanksgiving day we play Monmouth and as Monmouth has already been defeated by Peoria Manual Training Jacksonville has reason to believe that they will defeat this team, one of the strongest teams in the northern part of the state.

Yours truly,
William L. Allcott,
Faculty Manager.

There are four other schools besides Jacksonville who are claiming the central Illinois honors. They are Greenfield, Springfield, Newman and University High of Normal. The teams' records for the year follow:

Greenfield.
Greenfield 12, East St. Louis 3.
Greenfield 32, Staunton 0.
Greenfield 14, Beardstown 0.
Greenfield 96, Shurtliff Scrubs 0.
Greenfield 7, Alton 0.
Greenfield 23, Lincoln 0.
Greenfield 19, Carrollton 0.

Springfield.
Springfield 19, Lincoln 0.
Springfield 33, Taylorville 0.
Springfield 13, Bloomington 7.
Springfield 21, Alton 7.
Springfield 14, Decatur 13.
Springfield 34, Urbana 0.
Springfield 7, Peoria Manual 0.
Springfield 33, Pana 0.

Newman.
Newman 32, Sidell 0.
Newman 13, Champaign 7.
Newman 6, Mattoon 0.
Newman 1, Tipton 6.
Newman 13, Oakland 0.
Newman 52, Charleston Scrubs 0.
Newman 45, Bement 0.
Newman 25, Sullivan 0.
Newman 20, Lovington 0.

University High.
University High 41, Pontiac 0.
University High 19, Peoria Manual 14.

University High 47, Normal 6.
University High 27, Peoria Central 7.

University High 19, Joliet 0.
University High 9, Moline 28.
University High 7, Bloomington 7.
Greenfield team has played splendidly this season; so has Newman. But not as strong teams as some of the other schools. Considerable correspondence has been going on between Springfield and Greenfield on account of Greenfield's challenge to a game. The Springfield management claims it received bad treatment while at Greenfield, so that it could not accept the challenge. Greenfield claims the bad treatment came from those outside the school.

This squabble recalls the time Greenfield had a game scheduled with Jacksonville and the team came up here prepared to play. When the question of officials arose Greenfield presented a man, but Coach Buland objected because he had been coaching them. The result was that Greenfield said they would never play unless they could have their man as an official, and so they took their team from the field, not withstanding the fact that there were some Illinois college men who were capable of handling the game on the grounds.

Speaks of Killbrow.
One of the Peoria scribbes who accompanied the Manual Trainers here last Saturday sent in a story to his own paper in which he praises the

local J. H. S. eleven. In speaking of Killbrow he says: "Killbrow showed himself to be one of the best ground gainers in interscholastic football. Local enthusiasts are positive that he will be picked for the all-state high school team. * * * Every attempt of Manual to score was effectively blocked by the great defensive work of Jacksonville."

All-Star Eleven.
The writer of the Decatur Herald gives Killbrow of Jacksonville a place on the second All-State eleven and speaks of him as follows: "Killbrow of Jacksonville is given second place on account of his work this season. He has been the lone ground gainer of the Jacksonville eleven. He weighs 179 pounds and hits the line like a battering ram. It's hard to see where a place can be given Roblee of Decatur as the All-Star fullback of the state. The Herald's selection of the first and second All-Star state teams follows:

All-Star State Team.
Left end—Dennis of Rockford.
Left tackle—Harrison of University High.

Left guard—White of Champaign.
Center—Higgins of Joliet.
Right guard—Otis Petty of Lawrenceville.

Right tackle—Simonsen of Moline.
Right end—Johnson of Danville.
Quarterback—Kiel of Moline.

Left halfback—Adkinson of Springfield.
Fullback—Roblee of Decatur.
Right halfback—Jackson of Rockford.

Second All-Star Eleven.
Left end—Sternamen of Springfield.

Left tackle—Lyons of Decatur.
Left guard—Young of University High.

Center—Macey of University High.
Right guard—Kemp of Champaign.
Right tackle—Putman of Rockford.

Right end—Courtright of Joliet.
Quarterback—Peel of Taylorville.
Left halfback—Cisrand of West Aurora.

Halfback—Killbrow of Jacksonville.
Right halfback—Lanum of Urbana.

Pana vs. Springfield.

The dopist of Springfield, in speaking of the game Saturday in which they defeated Pana, 33 to 0, claims they used mostly second team men. A dispatch from Pana says: "Springfield came here with the expectation of using its substitutes practically throughout. The subs stayed on the side lines. Pana has been rated in the running for state honors as a fourth-class team."

Thanksgiving Game.
As matters now stand it is probable that Jacksonville will play some other team Thanksgiving day aside from Monmouth, and that is Springfield, providing the capital city lads want to defend their title to central Illinois honors and cancel their game with Crane Technical of Chicago.

Crane Tech allows fifth and sixth-year pupils on their team, so Springfield will gain nothing by winning from them. Should Monmouth come the J. H. S. men will find them worthy opponents. Coach Buland is taking no chances and is utilizing every minute in keeping his men in the pink of condition for the Turkey day game.

COURT PROBE INTO DEATH OF DR. KNABE IS ANNOUNCED

Dr. Craig and A. M. Ragsdale To Be Tried for Murder of Young Woman—Case Taken to Shelbyville on Change of Venue.

Shelbyville, Ind., Nov. 24.—Preparations are understood to be completed for the opening of the trial of Dr. William B. Craig, dean of the Indiana Veterinary college, who, together with Alonzo M. Ragsdale, an undertaker, also of Indianapolis, was indicted in December of last year by the Marion county grand jury for the murder of Dr. Helene Knabe, a well known physician and bacteriologist of Indianapolis, who was murdered on October 23, 1911. The case, which was originally to be tried in Marion county last month, was transferred to Shelbyville on a change of venue at the request of Dr. Craig, and will be heard before Judge Blair of the Shelby county court. A. M. Ragsdale, indicted jointly with Dr. Craig, did not join in the plea for a change of venue and his case will probably be tried in Indianapolis after the Craig trial is disposed of. Owing to the prominence of the victim and of the persons indicted for the murder and because of the mysterious circumstances of the case the trial is attracting country wide attention and promises to be the most notable murder case ever tried in this county.

Dr. Knabe's History.
Dr. Helene Knabe, the victim of the murder, was about 25 years old at the time of her death. She was born in Germany, the daughter of a civil engineer, and had come to this country as a young girl to obtain a scientific education. She came to Indianapolis, studied medicine and established herself as a general practitioner. Having specialized in bacteriology, she became assistant in the bacteriological laboratory of the state health department, gaining an excellent reputation for her careful and brilliant work. She had her office and living apartment on the ground floor of an apartment house in a quiet and prosperous part of Indianapolis, almost on the edge of the business part of the city and lived quietly and unostentatiously, devoting nearly all her spare time to her studies. She had many friends and, so far as known, no enemies and nobody ever suspected her of having any love affair, although she was a strikingly handsome woman.

On the morning of October 24, 1911, Miss Katherine McPherson, Dr. Knabe's assistant, upon reaching her employer's apartment, found Dr. Knabe dead in her bedroom. Her throat had been severed, but, strange to say, there were no traces of blood upon the bed or the floor of the room and no instrument which might have been used in the murder, was found in the room. The body lay upon the bed and was naked except for the nightgown, which was rolled up under her arms. The police authorities were informed and after a careful examination they came to the rather absurd opinion that Dr. Knabe had committed suicide.

The Indiana Council of Women, supposed to be composed of the most prominent women in Indiana, dissatisfied with the conclusions which the police had reached, decided to make a more thorough investigation. They engaged H. C. Webster, a private detective, who collected the incriminating evidence which formed the basis for the indictment by the grand jury of Dr. Craig and Alonzo M. Ragsdale, an Indianapolis undertaker, who is charged with having been an accessory after the fact.

ANTI-LIQUOR ORDINANCE BEFORE CITY COUNCIL

STRINGENT MEASURE IS GIVEN A FIRST READING.

Would Prevent Shipment of Liquor Into Jacksonville Providing a Penalty of \$50 for Every Offense—Pest House Discussion Results When Existence of One Case of Smallpox Is Announced—Poll Tax Delinquents to Be Prosecuted.

At the Monday session of the city council a rigid anti-liquor ordinance was given first reading. This ordinance, which was presented to the council by James H. Danskin, makes it unlawful for any common carrier or any person to bring into, or to deliver within, the city of Jacksonville any intoxicating liquor. An ordinance similar to this was presented to the council a year or so ago, but no action was taken upon it at that time. There was some talk with reference to the poll tax and the understanding was that Commissioner Newman, in accordance with the law, will swear out warrants to give to the police department. The fact that there is one case of smallpox in Jacksonville and the disease is prevalent in the cities in the state brought up the discussion of a pest house. Some other matters of minor importance were discussed. After the minutes had been read and the usual formalities were carried out, J. H. Danskin, who was present, was given permission to address the council outside the regular order of business. Mr. Danskin referred to the fact that the local option issue has carried four times in this precinct and that when the people voted upon the city liquor ordinance that it was passed by a very large majority. These elections and their results indicated, he said, that the people of Jacksonville want this to be a dry city. He referred to the fact that Jacksonville was the first city in Illinois of this size to vote dry, and that it was the only one to be kept continuously so. He said that he had prepared an ordinance which he wished to present to the council which would make it illegal to make shipments of liquor into Jacksonville, and that if this law was passed that Jacksonville again would be taking a step in advance of other cities. He said the measure was wholly in accord with the spirit of the statutes already upon the books, and that he believed there would be little difficulty in enforcing it, as express companies and railroad companies would not care to take the risk of paying a fine of \$50 for each and every violation.

The ordinance which Mr. Danskin presented, which was later given a first reading, is as follows:

The Anti-Liquor Ordinance.
"An Ordinance to Prohibit the Bringing Into, or Delivery to Any One Within the City of Jacksonville of Intoxicating Liquors."

"Be it ordained by the city council of the city of Jacksonville: 'Section 1. It shall be unlawful for any express company, railway company or other common carrier or for any person to bring into or to deliver to any person within the city of Jacksonville any intoxicating liquors.'

Sec. 2. Any express company, railway company or other common carrier of any person violating any of the provisions of section 1 of this ordinance shall forfeit and pay to the city of Jacksonville as a penalty the sum of fifty dollars (\$50.00) for each and every such violation.'

When the matter came up under new business Mr. Newman, with a second by Mr. Knollenberg, made a motion that the ordinance be read and the vote in favor was unanimous.

Pest House Talk.

Mr. Newman said that he noticed in the papers that smallpox was appearing in a number of Illinois cities and he thought it would be well for the city to get busy and establish a pest house to have ready for any emergency. Mr. Engel said there was one case of smallpox in the city now which had been reported Monday morning, Mrs. Paul Jones of South Prairie street, who is held under quarantine. This resulted in a general discussion of the pest house question and reference to difficulties through which the city passed several years ago when the question was discussed. At that time a pest house erected on the city property was burned down and the threat was made that it would be burned again if rebuilt. Residents in any locality where there is talk of establishing a pest house naturally object because such an institution, while it might not be a menace to health, would certainly have a tendency to increase the value of their property. Some of the places suggested yesterday were the pumping station, the city dumping ground and the north-west portion of Diamond Grove cemetery. When some one proposed erecting a house on land near the pumping station Mr. Brennan entered a vigorous protest and said the water department had troubles enough without bringing a pest house near one of the sources of supply.

The Pig Pen Nuisance.

Mr. Newman said that complaints had come to him about some hogs which were said to be a nuisance in a neighborhood on West College avenue. Mr. Engel said there was no ordinance on the statute books now making it illegal to keep hogs inside the city limits unless the owners could be convicted in court of maintaining a nuisance, and that when neighbors testified their stories were so at variance that it was practically impossible to secure a conviction. He said that if some one would bring in an ordinance making it illegal to keep hogs inside the city that he would vote for it. Mr. Newman made a motion that the city attorney be instructed to draw such an ordinance and the mayor said that would be in order without a motion. Mr. Newman also said that complaints had been made to him that persons were acting as scavengers without license and Mr. Engel said that was a matter for the city clerk to handle. Mayor Davis said that if Mr. Newman had any information along this line to turn it in and proper steps would be taken to bring offenders to account.

Mr. Newman said that he was in doubt about having the city advertise for bids where the order of the council had not been carried out; that he understood that the ordinances would be non-effective if no action was taken before the first of the year. He said that on account of the lateness of the season that it would be dangerous to lay walks now.

Mayor Davis replied that the only proper way to do would be to advertise for bids for the work with instructions to have the work done in April or whenever it was considered a safe time.

Mr. Newman referred to the matter of the poll tax and said that delinquents should be made to pay. Other members of the council called attention to the fact that it is the duty of Mr. Newman, as commissioner of streets, to swear out warrants against delinquents and to deliver them to the police department for collection. Mr. Newman said he realized that this was the law and that he would proceed to follow its requirements.

A Hint to Young Mothers.

"When my children show the slightest symptoms of being croupy I give them Chamberlain's Cough Remedy, and when I have a cough or cold in the lungs I take it for a few days and am soon rid of the cold," writes Mrs. Clay Fry, Ferguson Sta., Mo. The first symptoms of croup is hoarseness, give Chamberlain's Cough Remedy as soon as the child becomes hoarse and it will prevent the attack. This remedy contains no opiate. UPHOLDS SCHOOL TUITION ACT.

Judge Thompson of the circuit court, in a case which came to trial in Paris, Edgar county, upheld the tuition act applying to high schools. The law was passed by the last general assembly and was fathered by Senator H. S. Magill. The constitutionality of the law was the issue involved in the Paris case. Whether the case will be appealed and the way paved for a final test in the state supreme court is not known.

Kidney Troubles Attack Jacksonville Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years.

Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Women have lame and aching backs.

If you have any form of kidney ills. You must reach the cause—the kidneys.

Doan's kidney pills are for weak kidneys. Have brought relief to Jacksonville people.

Jacksonville testimony proves it. Mrs. Mabel Hiles, 471 South East St., Jacksonville, Ill., says: "We used Doan's Kidney Pills in our family with fine results. They brought quick relief from backache and other symptoms of kidney trouble."

LITERBERRY.

Mrs. O. G. and Mrs. Wayne Dinwiddie entertained the Ebenezer Foreign Missionary society, of which they are members, Thursday afternoon at the hospitable home of Grand Pa Dinwiddie, west of Arcadia. This society has for its president Mrs. Fletcher Blackburn, who presided at the meeting. Rev. Mr. Boyd had charge of the devotional part. The president then took up the business of the hour, after which an interesting program was carried out, showing the noble work this society is doing. Mrs. Geo. Blackburn elucidated the work by an illustrated chart showing the ramifications of the society. We heard with much interest her table of statistics showing what the different auxiliaries are doing and how far reaching is this work. Mrs. Blackburn proved the great amount of good the foreign missions in the M. E. society are doing, although but one woman out of eight are members of the work. There were several good talks and at the close Miss Clara Reed gave a reading, "The Little Woman Who Gave Herself." The Blackburn sisters sang "I Shall See Jesus" in a very effective manner. The meeting closed with singing "Blest Be the Tie That Binds." There were about fifty persons present, about half of this number being visitors, of which the Literberry M. E. society counted about a dozen. The refreshments were ample, sustaining and dainty. The Dinwiddie ladies proved themselves delightful hostesses.

Mr. and Mrs. C. C. Negaughey of Shenandoah, Iowa, are visiting with Mrs. Melissa Paul of Peoria avenue, Mrs. Negaughey's mother.

There was a terrible mix-up in our town last Thursday night. Some one knocked at our front door about 7:30 and when Mrs. Mc opened the door a company of about twenty of the most heterogeneous people we ever saw, took possession of our front room. They did not wait to be accommodated with chairs, but piled down on the floor in any old fashion, apparently satisfied with their surroundings. Being all foreigners they could not make their wants known to us, but they were exceedingly friendly, and we believe they were all Methodists, for they persisted in much hand shaking. Their visit was short and we were sorry we had nothing prepared in the way of refreshments to offer this unexpected company. Where did they come from? Where did they go? Nit. We inquired around town for a wrecked airship, but found none.

Wednesday night will be the date of the cafeteria supper at the Baptist church. Everything will be ready. The ladies will have a church fair in connection with the supper and also some entertainment. Come over and see for yourself and probably you can carry away a few new ideas as well as a good supper.

Mr. and Mrs. Walter Houston and son, Donald, of the Bend attended Sunday school at the Baptist church Sunday morning, going afterward to the pleasant home of Mr. and Mrs. M. O. Pritchard to spend the remainder of the day.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapiesin" makes Your Upset, Bloating Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn, and sourness in five minutes—that just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

CITIES CARRY OWN INSURANCE.

Oshkosh, Wis., Nov. 24.—Plans to organize a mutual fire insurance association for the protection of the property belonging to the cities of the state were discussed here today at a committee meeting of the League of Wisconsin Municipalities, of which Mayor Joseph Fisher of Marinette is president.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allen, druggist—Adv.

Hunger the Best Sauce.
Sauce is used to create an appetite. The right way is to look to the digestion. When that is good you are certain to relish your food. Chamberlain's Tablets improve the digestion and create a healthy appetite. For sale by all dealers.—Adv.

RUB RHEUMATISM PAIN FROM SORE ACHING JOINTS

Rub Pain Right Out of Joints and Muscles With a Small Trial Bottle of Old St. Jacobs Oil.

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn or discolor the skin.

Limber up! Quit complaining! Get a small trial bottle of "St. Jacobs Oil" from any drug store and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache and sprains.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O. (Adv.)

FUNERAL NOTICE.

Funeral services for Joseph P. Warner will be held this afternoon at 2:30 o'clock at the late residence, 928 Ashland avenue, in charge of Rev. R. R. Nooley, rector of Trinity Episcopal church, and the Knights Templar. Interment will be made in Diamond Grove cemetery.

PLANS ARE PERFECTED FOR WHITE HOUSE WEDDING

Marriage of Miss Jessie Wilson and Mr. Sayre Will Be Notable Event—Ceremony Could Not Be as Originally Planned.

Washington, Nov. 24.—Before an improvised altar in the historic east room of the white house, on the same spot where Miss Nellie Grant and Algernon Sartoris took the vows 40 years ago and where Miss Alice Roosevelt and Nicholas Longworth plighted their troth in 1906, the Rev. Sylvester W. Beach, pastor of the Presbyterian church in Princeton, N. J., will tomorrow afternoon pronounce the words which will unite in marriage Miss Jessie Woodrow Wilson, second daughter of the President of the United States, and Mr. Francis Bowes Sayre, son of the late Robert H. Sayre, the builder on the Lehigh Valley railroad.

The ceremony—which is set for 4:30 p. m.—will be witnessed by one of the most brilliant and distinguished assemblages ever gathered in the executive mansion. It was the desire not only of Miss Wilson, who was much concerned, but of the President and Mrs. Wilson, that the wedding should be celebrated in a manner comparatively quiet, that it should be a family affair. This, it was shortly disclosed, could not be gratified.

Only about 400 guests, mostly relatives and intimate friends, will witness the ceremony, but nearly three times that number have been invited to attend the reception that will follow. Among those in attendance will be Vice President and Mrs. Marshall, the foreign diplomats and their families, the cabinet members and their families, the supreme court justices and their families, and numerous members of congress and high officers of the army and navy and their families. The most of these, together with the members of the wedding party, are already guests at the white house.

The floral decorations will be more elaborate than any heretofore have been in President Wilson's administration. While the decorations in all the rooms in the main floor of the white house will be beautiful, they will be less elaborate than those in the east room, which will be beautified with thousands of chrysanthemums grown in the white house conservatories.

The state diningroom will be thrown open to the guests after the ceremony. The great high walls and ceiling, paneled in walnut, will form a hand some setting for the splendidly decorated tables.

The music for the occasion will be furnished by the Marine Band orchestra, which will be stationed behind a floral screen in the corridor. A special program has been prepared for the wedding. The music has been selected for the most part by Miss Wilson herself.

The marriage ceremony will be marked by the greatest simplicity possible under the circumstances. When everything is in readiness Mr. Sayre, accompanied by his best man, Sir Alfred T. Grenfell, will descend the main staircase and entering the East room, will take his place before the temporary altar to await the arrival of the bride.

Immediately the clock sounds the half hour after four, Miss Wilson, escorted by the president, will descend to the west end of the main corridor. There, awaiting them, will be the ushers selected by Mr. Sayre. They are Dr. Seville Clark of Salem, Mass., Benjamin B. Burton of New York city, Dr. Gilbert Horace of Montclair, N. J., and Charles E. Hughes, Jr. of Washington, D. C.

Preceded by the ushers the president with the bride will proceed to the East room. The bride will be attended by her sister, Miss Margaret Wilson, as maid of honor. The bridesmaids will be Miss Eleanor Wilson, younger sister of the bride; Miss Adeline Mitchell Scott, daughter of Prof. William B. Scott of Princeton; Miss Mary G. White of Baltimore, who was a classmate of the bride at Goucher college, and Miss Marjorie Brown, a daughter of Mrs. Wilson's cousin, Col. E. T. Brown, of Atlanta.

Miss Wilson's bridal dress will be a magnificent creation of heavy

cream satin, rare old lace and filmy tulle. The material from which the gown was made was manufactured especially for her. The style of the gown is simple, being draped along princess lines and trimmed with lace which is said to have been in Mrs. Wilson's family for several generations. The veil, of French tulle, will be arranged to fall from a lace cap, and clusters of orange blossoms will adorn it.

At the conclusion of the ceremony the assembled guests will be received by Mr. and Mrs. Sayre and later they will be greeted in the blue room by the resident and Mrs. Wilson. After the informal receptions, the guests will be privileged to view the hundreds of costly wedding presents received by the bridal couple.

Yell Defiance at Blood Disorders

A Remedy That Has Shown a Most Remarkable Purifying Effect.

At Last You Can Get Rid of Blood Troubles—S. S. S.

The word Medicine is one of the most abused, in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known medicine S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming Rheumatism, Catarrh of the Stomach and Intestines, skin eruptions and all blood troubles.

Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 219 Swift Bldg., Atlanta, Ga., who maintain a very efficient medical department where all who have any blood disorder of a stubborn nature may consult freely.

S. S. S. is sold everywhere by drug stores, department and general stores. Don't permit anyone to sell you a substitute. Insist upon S. S. S.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

LITTLE TRADING ON THE STOCK EXCHANGE

TOTAL BUSINESS ON THE EX-
CHANGE IS ONLY 57,300
SHARES.

Day's Trading is Smallest Since the
Big Blizzard of 1888 When Trading
Was Practically Stopped—
Market Remains Firm in Face of
Discouraging News.

New York, Nov. 24.—Trading all
but ceased today on the stock ex-
change. It is necessary to go back
a quarter of a century to find a duller
market than today's. Most of the
time the ticker was silent. Not one
of the favorites moved up or down
as much as a point. When the five
dreary hours of trading had come to
an end it was found that the total
business was 57,300 shares. There
has not been a day as dull since the
blizzard of 1888, when trading on
the exchange was practically stop-
ped. On March 12th, of that year,
the total was 15,805.

The best that could be said of to-
day's market was that the undertone
was firm. Holders of Long stock
derived some encouragement from
the market's firmness in the face of
discouraging news. A good deal of
emphasis was placed upon the fore-
nightly report of railroad traffic
which showed a large increase in
idle freight cars.

News from the steel and copper
trade was pessimistic. It was re-
ported that some sales of copper
had been made at 14c.

Stagnation in the stock market
was reflected in a falling off in de-
mand for money. There was an
easier tone in the call money market
and commercial paper rates were
lower. The gold movement to Can-
ada was continued which is probably
not at an end and the necessary pre-
paration for December interest and
dividend payments may affect loan-
ing rates temporarily but the out-
look is for easy money.

MISS WILSON AND FIANCE HAVE HIGH IDEALS

INTEREST IN ECONOMIC PROBLEMS FIRST BROUGHT THEM TOGETHER.

Following the Necessarily Brilliant Wedding They Will Establish a Modest Home at Williamstown—Plan to Continue the Work They Love—Both Families Notable for Earnestness and Sincerity of Purpose.

Washington, Nov. 24.—Apart from the interest that naturally attaches to a wedding in the white house as the world glimpses for two days the mingling of official splendor with the human side of a president's family, the marriage tomorrow of Miss Jessie Woodrow Wilson and Francis Bowes Sayre emphasizes conspicuously a union of two personalities, bred with the same ideal, and devoted to the same purpose—a life of Christian usefulness.

It was not only congeniality of disposition but mutual interest—a serious enthusiasm for social service—which first drew the two young people together less than two and a half years ago. The preceding years were occupied by each in training for a work of sociology and tomorrow's wedding is but a milestone in the life road which the two have chosen, for it means a simple, modest home in the academic quiet of Williamstown, Mass., where ambitions for social uplift and continued study may be nourished without the glare of national limelight.

Mr. Sayre is 28 and Miss Wilson is 26. Both are of the same height, tall, and blonde, with a tint of pink in their fair complexion. The fusion of personalities which is reflected in a survey of the distinguished couple, all the more remarkable, too, as it is traced back to the collegiate line with its definite theological trend not only on the side of the bride but equally pronounced in the Presbyterian ancestry of the groom.

The Sayre family is one of the oldest in this country, dating back to 1634, and resident for the most part in Pennsylvania. Robert Heysham Sayre, father of Francis, died in 1907 in his 84th year. He had built the Lehigh Valley railroad and was later assistant to its president. He had founded and was general manager of the Bethlehem Steel works. He was president of the board of trustees of Lehigh university. The mother, Mrs. Martha Finley Nevin Sayre, still lives at Lancaster, Pa. She has lived recently with the groom-to-be in New York, as her other son, John Nevin Sayre, a Princeton graduate, is doing missionary work in China. Mrs. Sayre's father was a theologian. John Williamson Nevin, who was president of Franklin and Marshall college. She is descended from Hugh Williamson, one of the framers of the constitution. Her brother was the late Robert J. Nevin, head of the American church at Rome, Italy, and Bethelbert Nevin, the composer was her cousin.

Young Sayre would never reveal these details to the interviewer. He believes that achievement and not ancestry, are of chief value in a busy world that looks forward and not backward.

Sayre's College Record. Fond of travel, exploration and adventure, but primarily interested for the revelations of human nature which they bring forth, Sayre has in his short span of years seen much of the world. He went to Williams college in 1905 and finished his course in three and a half years. He graduated in 1909 at the head of his class and won the Phi Beta Kappa key, a trinket symbolical of merit, which his bride also won in her college days. He managed the football team, organized the Good Government club to study municipal government, and took trips with members of that club to sociological institutions to study child labor and other problems of social welfare. He was active in committee work of the Y. M. C. A., took great interest in the work of the Bible classes, was on the varsity debating teams, contributed to the college magazines, and found time, moreover, to do a great deal of tramping and horseback riding over the New England hills as well as to play tennis and go canoeing. He went as the personal assistant to Dr. Wilfred T. Grenfell to do hospital work along the coast of Labrador in 1909. Bucking the line in the dangerous northern coast proved more than once a hazardous undertaking. Dr. Grenfell's little steamer—the Strathcona—is practically the only one that brings medical help to the north, and it was in those days when young Sayre joined him in holding services on the rocks for the Labrador fisherman, that an affection and close friendship developed, which is reflected today in the selection of Dr. Grenfell as best man at the wedding. Incidentally, it is returning the compliment, for three years ago Sayre acted as one of the ushers at the wedding of Dr. Grenfell and is godfather to Wilfred Grenfell, Jr.

Secretary to Peary. When returning from the Grenfell camp in 1909, Sayre missed his steamer but found the arctic ship—Roosevelt—with Peary aboard, at Battle Harbor, and acted as secretary for the explorer. At another time, in Newfoundland, he tramped 100 miles in ten days with a friend. They could not keep the route planned and, after much suffering from black flies in the forest underbrush, reached the habitation of a friendly hermit exhausted from want of food and rest. They had no guides and took only the supplies they could carry on their backs. Sayre's companion on this expedition was Dr. Dewitt Scoville Clark, Jr., of Salem, Mass., one of the ushers at the wedding.

Once the same two traveled 2,300

miles down the Yukon river in Alaska. And when they got to Nome, they wanted to get to Siberia across the Bering Strait. Most folks told them "it couldn't be done, but they set out in a 15 ton schooner which they happened to pick up and after a thrilling adventure in a deep fog, hauled up against Asia. Sayre got as far north as 66 degrees and in the summer of 1911 took a trip with some Indians to see some gold claims in Alaska. On that occasion, too, he felt some thrills as he and his companions in two short dugouts shot over cascades and falls between mountains and glaciers in the Klondike river.

Besides his explorations around the arctic circle, Sayre's recreations have included several months on sheep ranches in Wyoming and Montana, with the fun of "riding the round up." He rode across the state of Wyoming once, and has hunted elk and deer in the Rockies. He once added to his variety a winter in the coal mines at Birmingham, Ala. At the Harvard law school, where he entered in the fall of 1909, he lived without ostentation, graduating in 1912 cum laude. There he met and became an intimate friend of Charles Evans Hughes, Jr., a son of the supreme court justice, who is to be an usher at the wedding tomorrow.

Before leaving law school, Sayre entered the office of District Attorney Whitman in New York, where he has been for about a year.

Will Live Simply. Sayre's ambition is to enter public life some day, if he can. He means to live simply and economically, although of independent means, he does not consider himself wealthy enough to own and keep an automobile.

But, while Sayre has been busy during the two and a half years that he has known Miss Wilson, he has managed to find time on week-ends to pursue his courtship. To woo the daughter of the president-elect and avoid the limelight of publicity was difficult.

Often he has been a week-end guest at the white house, but he never was generally known and no one in official Washington guessed the secret in advance of the announcement. The president's second daughter, the bride, has been so absorbed in her work in the cause of social welfare that she has partaken but little of Washington society since the advent of the Wilson family to the white house. Of the girl who had spent most of her life in the academic town of Princeton, the busy whirl of Washington, with its glamour and social supremacy, brought no change, and after only a few months' residence in the white house she leaves to live again in a collegiate community.

Bride was Born in South.

Miss Wilson was born 26 years ago in Gainesville, Ga., but ever since she was five years old has called Princeton her "home." Her education went on like her sister's until her twelfth year, under a German governess, supplementing the training in which Mrs. Wilson took first hand. After Princeton's schools, Miss Wilson went to Goucher college, Baltimore. There she specialized in political economy, an inherited taste. She began then her settlement work. That is said to have been a compromise as, it is believed, she really wanted to go into the foreign missionary field. Her devotion to social problems since has shown that she found satisfaction in her choice. Her first assignment as a settlement worker was to the Kensington mill district in Philadelphia, where she said two years. She arrived every Monday morning and remained until Friday night, returning to her Princeton home over the week-end. She had quite the same week-end existence in Kensington as the girls under her care. She lived in the settlement, which is called the Light-house, and often had her meals there with its homely fare and uncovered tables. The young folks in whose well being she had a part, whose troubles she shared, and whose betterment she sought more than anything else, grew very fond of her. She made frequent visits to the sick and needy, and held regular meetings of mothers' clubs, where she taught industry, economy and cleanliness.

Believes in Woman's Suffrage. Miss Wilson's work in the settlement of Philadelphia and her close study of social problems, have made her a believer in woman's suffrage. She doesn't favor militant methods for obtaining the ballot and on account of her father's official position has not taken as active a part in the suffrage campaign as she might have desired. Not all the feminine members of the Wilson family believe in suffrage for women, though Miss Jessie, it has often been reported, had made converts in the domestic circle.

The last year or two has been spent by Miss Wilson also in work with the national board of the Young Women's Christian Association. Miss Wilson has found time to make several speeches for the Y. W. C. A. on social welfare topics. She is fond, like her future husband, of outdoor sports, tennis, driving, and horseback riding. She has not spent much of her leisure in the sewing room, and Washington does not know her as well as one would have thought in view of the numerous opportunities for social festivity.

Deft in Home Economics. The white house bride of tomorrow is a good housekeeper. She can cook, sew and do fancy work, trim hats, remodel gowns, and is expert in all the other feminine tasks to which busy fingers are bent. Her bridal finery has many home made and home decorated articles. With eager enthusiasm, Miss Wilson is looking forward to a home of her own, and she and Mr. Sayre during the many trips to Williamstown, Mass., last summer selected a modest but extremely comfortable little house.

Here there may not be the activity of entertainments and parties and social pastimes such as Washington offers, but both Miss Wilson and her fiancé are quite confident they will

not miss that side of life. Mr. Sayre will be among his old friends, the professors who taught him in his college days and the townsfolk who knew him as leader among the students. He is to be assistant to President Garfield of Williams, a position somewhat more than secretary. He may represent President Garfield on various occasions, and he will have a share in the administration of the college.

As for the bride she will continue to take a deep interest in the things with which she has been associated for many years.

"She will continue her work in behalf of the Y. W. C. A.," said young Sayre recently. "She certainly will find much to do. We hope to develop certain plans but I cannot speak of them now. Truly, Williamstown is very small. There are no poor. There are no slums, but she will find—I mean we will find—many ways of continuing the work and the study we both love."

THIS IS DONATION DAY.

Again the readers of the Journal are reminded that this is donation day for Passavant hospital and as the roads are now so good there should be a kindly and generous response from both county and city.

The hospital is as much a county institution as a city and all are under obligation to do a reasonable part toward helping it carry on its beneficent work.

All are invited this p. m., to call at the institution and look it over and see its workings and inspect the new nurses' home which will be thrown open to the public for the first time. Everybody welcome, don't put it off but come today.

Anything that can be used in a family will be acceptable. Remember the hospital.

Mayor Cured; Skin Cleared By D. D. D.

Mayor Chapman of Ellis, Kansas, courtously says he will answer any letters written him relative to his truly marvelous cure of skin trouble with the D. D. D. Prescription.

Mayor Chapman writes: "I think how I suffered last winter, how I could do no work. I was covered with terrible blotches, sometimes weeping water, sometimes worse, blotches sometimes 10 inches in diameter. FEARFUL ITCHING. It was only accidentally that I learned of the famous specific D. D. D. I write this in all gratitude for what D. D. D. has done for me." Results from the use of D. D. D. are immediate. The first, soft, cool touch and the itch is gone! Eruptions, rashes, dandruff, disappear over night. Hard crusts and scales, raw scorching sores, salt rheum, tetter, no form of skin disease resists. All druggists have this famous specific on hand.

If you will come to us we will sell you the first bottle on the guarantee that it will reach your case or your money refunded. You alone to judge. Ask also about D. D. D. Ekin Soap, best for tender skin.

Lee P. Allcott, druggist.

REV. R. R. NEELY BEGINS WORK AS RECTOR OF TRINITY CHURCH

New Episcopal Rector Heard Sunday in Able Address—Has Had Much Experience in Mission Fields.

The Rev. R. R. Neely, the new rector of Trinity Episcopal church, who preached his first sermon and conducted his first service Sunday, comes to Jacksonville with a record for ability as a scholar and successful missionary activity. In "A Mind to Work," his address of Sunday, he showed himself a preacher of insight and power, well grounded in the scriptures and the faith of the church and a speaker of pleasing manner and forceful delivery.

Rev. Mr. Neely, who comes to the city from the rectorate of Trinity Episcopal church at Mattoon, succeeds the Rev. H. H. Mitchell who left Jacksonville to engage in mission work at Colfax, Wash. Rev. Mr. Neely is a man of middle age, born and reared in Illinois. Although he has begun his work already he will not resume his full pastoral responsibilities until about Dec. 1, after the work of remodeling the parsonage has been completed.

Upon finishing the public schools of Chicago, Rev. Mr. Neely went to Trinity college at Hartford, Conn., from which he was graduated in 1884. Not yet decided in his own mind whether or not he wished to make the ministry his life work, he went into business, working for five years in the Illinois Trust and Savings bank of Chicago. Becoming convinced of his calling at last he entered the Western Theological seminary, a school of the Episcopal church. After his graduation in 1891 he took a position on the faculty of the seminary which he retained for ten years. He taught preparatory Greek and Latin and regular seminary Hebrew. He was doing missionary work at the same time, having charge of three small Chicago churches which he built up into parishes.

In 1901 Rev. Mr. Neely went to Kokomo, Ind., where he founded and brought to first class standing the church of St. Andrews. He remained at Kokomo ten years, going thence to Mattoon in 1911.

Sunday morning the pastor took his text from Nehemiah, 4:6: "So built we the wall . . . for the people had a mind to work." The mind to work is just as necessary now as in the times of Nehemiah, the prophet who repaired the walls of Jerusalem after many trials and who inspired the whole people by his energy and prayerful sincerity. Without the "mind to work" we cannot be true Christians, standing in the Divine Presence and working in accord with the righteous purposes of God. Nehemiah had this mind and inspired all his followers with a like spirit.

The true "mind to work" comes only from a realization of the indwelling presence of the Most High. When we place ourselves in harmony with Him, we acquire this mind and all tasks become incidental, and easy of performance. As we perform these tasks we fit ourselves to receive more of His spirit, increasing our power to do and receive good in an ever larger ratio.

Much of the evil of the world today, Rev. Mr. Neely showed, is due to the lack of this "mind to work" in those upon whom responsibility is rested in the past. If teachers had all possessed it many problems in education would not now exist. It was the lack of the "mind to work" in bye-gone leaders of the church which led them to shirk the responsibility of the laboring man and of the use and misuse of wealth. As a result we have with us now the social crisis and the manifestations of the labor problem.

NEW DISTRIBUTING SYSTEM.

Work has been completed on the new electrical distributing system of the Railway and Light Co., which has been in progress of construction the last three months. The system includes the main supply cable from the power plant to the square and the feed wires on the principal streets of the city. Now poles, cross-arms, and installation have been installed and the system is much more able to stand any demands which excessive snow or sleet may place upon it this winter.

BEAUTIFUL HAIR—A CLEAN, COOL SCALP

If your hair is anything short of perfect; if it is too dry, brittle, dull thin, or if the scalp itches, immediately begin the use of Parisian Sage. The first application removes dandruff, cools and invigorates the scalp and increases the beauty of the hair.

Parisian Sage, a scientific preparation, supplies hair needs. It contains the exact elements needed to make the hair soft, wavy and glossy, and to make it grow—it is delicately perfumed—not sticky, or greasy.

Apply Parisian Sage and the effect is immediate. One application stops the head from itching and freshens up the hair. Use it daily for a week and you will be surprised and delighted. Parisian Sage is one of the quickest acting hair tonics known.

REUNION OF EDELBROCK FAMILY.

A family reunion was held Sunday at the home of Mrs. Mary Edelbrock at Chapin and the event was a happy one in every way. It has been a great many years since Mrs. Edelbrock has had the pleasure of having her children with her and it is needless to say that she was the happiest of the merry company.

Grandma Edelbrock has a fine reputation along the culinary line and the dinner that was prepared was bountiful, appetizing and greatly enjoyed. The afternoon was spent in a social way, many dealing in reminiscences and William Edelbrock gave a number of selections on the piano.

Those present follow: Mr. and Mrs. William Helser, of Benton, Kans.; Mr. and Mrs. John Ellen, Chapin; Mr. and Mrs. Willis Bourn, Jacksonville; Mr. and Mrs. W. J. Edelbrock, and daughter, Chapin; Mrs. Henry Irvin, Benton, Kans.; Mr. and Mrs. Venton Bourn, and Mr. and Mrs. Henry A. Edelbrock, Jacksonville.

Your Credit is Good

This sounds like an "ad" for a clothing store, but it isn't. However, it concerns a commodity that is just as important to every person in Jacksonville as clothing or any other necessity. We're talking about GAS and ELECTRICITY. We don't desire to tell you about the many advantages of gas and electricity, but we do want to tell you how you can have your house piped or wired for gas, or electricity and never feel it.

Easiest Thing You Know

That's what it is, as observe the following plan: We will pipe or wire your house RIGHT NOW and allow you twelve months in which to pay for the service. Also, we will do the work at cost price. Phone us at No. 111, 580; Bell, 332, or call and we will be glad to give further details.

THE CENTAUR COMPANY, NEW YORK CITY.

THE JACKSONVILLE JOURNAL

JACKSONVILLE JOURNAL CO.

THE PASADENA AND SANTA MONICA WAY

A recent issue of Current Opinion has the following:

As soon as the municipal plant was ready it offered current at 9 cents per kilowatt hour. At once the electric company cut its rate from 12 1/2 cents to 8 cents. In due time the city, seeing receipts sufficient to pay interest and create a large sinking fund, announced a 6-cent rate. The company's price dropped to 5 cents. Then it dropped to 4 cents when the city reduced its price another cent. The contest has lasted six years now. The city rate is still 25 per cent. higher than the company's rate, yet one-half of the consumers are still buying their current from the municipal plant. Memory of the old 12-cent bills still strengthens their backbone. The example of Pasadena has inspired Santa Monica and other California towns. Its complaint became so loud when it saw Pasadena's electric light rates sliding down hill that the board of trade appointed a committee to determine whether the gas rate of \$1.10 per thousand cubic feet and the electric light rate of 12 1/2 cents per kilowatt hour were excessive.

The corporation officials welcomed the committee with a smile. They guided the investigators to mountains of books, swamped them with reams of financial statements, smothered them under piles of elaborate balance sheets. When the three got up to report to the board they sadly shook their heads in unison. The poverty of the company was appalling. Why, its gas revenue barely covered expenses. As for electricity, the books showed the income was only sufficient to pay a measly little dividend. So impressed was the committee that it felt inclined to recommend an increase in the rates. If only that municipal plant in Pasadena could be put to sleep—strangled in a hurry.

Just a little while after that sad report concerning its poverty the corporation voluntarily reduced the price of gas 10 cents, cut electric rates from 12 1/2 to 10 cents, and when the state public utility commission suggested a further reduction of electric rate to 8 cents the company meekly obeyed, reducing its charge in a dozen communities without once running to the courts with pleas of confiscation. It is still paying bond interest and stock dividends promptly. And it is still selling current in Pasadena for 4 cents, striving hard to put under the sod the plucky little municipal plant that cut the electric light bills of half a million people nearly half in two.

Mr. DePew, who was vice president last year, was re-elected to that post for the coming year.

MISS KATHRYN RYAN TO

WED MR. EARL D. LAKE

Ceremony Will Take Place This Morning at the Church of Our Savior—Will Reside in This City.

The marriage of Mr. Earl D. Lake and Miss Kathryn Ryan will take place this morning at 6:30 o'clock at the Church of Our Savior, Rev. Father Formaz officiating. The attendants will be Miss Helen Ryan, a sister of the bride and Mr. John Meany, and the ceremony will be witnessed by intimate relatives and friends of the bride and groom. Following the marriage a wedding breakfast will be served at the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. John Ryan of 703 South West street. She was born and reared in Jacksonville where she received her education. She is a young lady of sweet disposition and has many beautiful traits of character through which she was won a host of true and sincere friends, all of whom wish her a happy married life.

The groom is the son of Mr. and Mrs. O. W. Lake, the family coming to Jacksonville from Centralia, some two years and a half ago. The father and son conduct the Jacksonville Credit Company on East Court street, and the son has been the cashier of the firm. He is a young man of upright life, business ability and has been successful in what ever he has undertaken. Since his coming to Jacksonville he has established himself among the business men of the city. His parents expect to leave December 11 for Los Angeles, Calif., where they will spend the winter and during that time the son will have entire charge of the Credit company.

Mr. and Mrs. Lake will reside at 725 East North street where the groom has fitted up the home splendidly.

You'll find the very best dressed poultry and meats and all other good things for Thanksgiving at Coverly's.

HORSE RUNS AWAY AFT R COLLISION WITH MOTORCYCLE

Animal is Injured—Buggy and Harness Badly Damaged—No One Injured.

After a collision with a motorcycle ridden by Clarence Walsh, a horse driven by Louis Hildreth ran away Sunday evening which resulted in the buggy being badly damaged, the harness broken in several places and the horse sustaining several bruises and a sprained leg. No one was injured.

Louis Hildreth was driving south on South East street, and the accident occurred at the corner of Chambers street. Clarence Walsh was going north and not seeing the approaching buggy, ran into it by turning to the left side of the street. He was thrown from his machine and the horse, became frightened ran on to the sidewalk and jumped over a gas pipe fence. When this took place Louis Hildreth and the young lady in the buggy with him got out before the horse freed itself.

After getting back over the low fence the horse ran west on Chambers street. It had gone only a short distance when it ran into a tree and pulled the buggy loose and when found the horse had freed itself of all the harness. Clarence Walsh was dragged quite a distance by being caught in a strap, but luckily none of the three were very badly injured.

MOTHER! THE CHILD

IS COSTIVE, BILIOUS

Don't hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Adv.

MINISTER DOES GOOD WORK.
From what can be learned regarding the circuit of Riggsdon, Merritt and Esier, it is certain that the church which secures the services of Rev. V. P. Mitchell will be fortunate. The young gentleman is pursuing his studies in Illinois College and at the same time is supplying the pulpits of these churches and is doing very good work and especially so when it is remembered that he is able to give so little time to the duties of the circuit. The young divine is held in high esteem by his parishioners and they will always regard him kindly.

TO CLOSE THANKSGIVING.
Phelps and Osborne will close their store all day Thanksgiving day.

HELD SUCCESSFUL BOX SOCIAL.

A very successful box social was held by the Marquette club of Franklin recently when the program was furnished by school district No. 2, of which Dennis Whalen is teacher. Eighty-one boxes were sold and brought \$78, the highest price ever being a combination box brought by Misses May Sweeney and Katherine Harmon of Jacksonville, which sold for \$10. The social proved a very pleasant occasion.

You Have Just Two Days to

Buy Linens for Thanksgiving.

Next Thursday is the day when we celebrate our **Annual Thanksgiving Dinner**. You can choose turkey, goose, duck, chicken or humming birds, but you must have linen that looks nice. Some way or another we have never sold so much linen before any Thanksgiving day. It just shows that our friends appreciate new and nice styles at our prices. G. Washington is said to have thrown a dollar across the Potomac river. That's as far as it would go in his day, but if you'll bring in a dollar to us we'll surprise you by the way it will buy.

We have just received a lot of **Bulgarian Silks** for trimmings and vestings. They are new and beautiful, direct from New York. They are wonderfully scarce goods just now. We would be lucky to have any kind. See them.

We shall be closed all day on Thursday, Nov. 27th, Thanksgiving, so we must make five days do the work of six.

STALLION WAS BURNED TO DEATH

BARN ON McNEELY FARM NEAR NORTONVILLE GOES UP IN SMOKE.

Another stallion valued at \$1,000 is expected to die from burns. Exploding of lantern believed to be cause of conflagration. Mr. McNeely in narrow escape.

One coach stallion valued at \$600 was burned to death and another stallion valued at \$1,000 will probably die as the result of a fire Monday morning about 5:30 o'clock on the premises of Bert McNeely, one mile south of Nortonville, when his barn was totally destroyed, the conflagration supposed to have been caused from a lantern which exploded. Mr. McNeely himself having a narrow escape.

Mr. McNeely had been out to the barn doing the chores and after blowing out his lantern had gone into the house for breakfast. While seated at the table he saw fire emitting from the barn and ran out with all haste to get out his stock. He had in the barn two stallions and a team of mules. He succeeded in getting the mules out and one stallion, when he was forced to leave the barn on account of the intense heat, not however, until he had received burns about his head, neck and face.

The horse that burned to death was a registered black coach stallion valued at \$600. The draft Percheron stallion which will probably die was burned about the body in a frightful manner, also the head. Mr. McNeely valued this horse at \$1,000. Neighbors who arrived to assist in fighting the fire could do nothing as it had gained such headway.

The theory that the flames originated from the explosion seems to have the greater weight, although some of the family thought the fire first started in the loft. The barn was about 30x40 feet and contained about 25 tons of hay, a bin of oats, six sets of work harness, one buggy and other things, all of which were destroyed.

Mr. Neely made a heroic effort to get his horses out and so intent was he on his work that the fire licked close to him several times. Dr. C. E. Waters was called and gave him attention. None of his burns are serious. No estimation was made of the entire loss, but the property and stallions were partially covered by insurance. Mr. McNeely intends to rebuild his barn this fall.

Ducks, turkeys, geese, chickens, oysters, celery, nuts, fruits very choice meats for Thanksgiving at Coverly's.

WHEELER CHILD BADLY BITTEN BY BULL DOG

Canine Was Fighting With Another Dog in Yard Where Child Was Playing—Dog Knocked Senseless Before it Would Let Go.

Earl Wheeler, the three year old son of Mr. and Mrs. George Wheeler of the Sinclair neighborhood was seriously bitten by a bull dog early Monday afternoon. At the time of the accident "Grandma Wheeler" who had been out to visit her son's family, was getting ready to come to town accompanied by her daughter-in-law and little boy. The child was playing in the yard and a strange dog came on the premises. The Wheeler bull dog at once made a dive for the visiting canine and a big fight ensued. Mrs. Wheeler ran out to get her baby and she had no sooner taken hold of it than the bull dog, in its excitement, fastened his teeth in the left leg of the child. The dog was given several good kicks but would not let go. They secured a club and knocked the dog senseless.

Dr. Allen M. King was summoned and upon arriving found that the dog had bitten to the bone, lacerating the muscles in a frightful manner and tearing the flesh around the entire leg. Some 14 stitches were necessary to close the wound. The child was resting comfortably last night and it will probably be a day or two before the real condition of the boy is known.

In company with Roadmaster Richard Hefernan of this city they visited the Nichols park crossing, where the electric signal bell was recently repaired.

ILLINOIS IN LINE FOR STATE TITLE

MOST CONSISTENT TEAM OF MINOR COLLEGES.

Football Struggle With Williams and Vashti at Aledo will Determine Whether I. C. Can Claim Right to Honors.

There is little dispute among the minor colleges of the state but what Illinois college is nearly the champion team for the year 1913. It all depends whether they can win on Thanksgiving day from Williams and Vashti, on their own field at Aledo. Coach Harmon has been getting his men in the best of shape for the fray and the eleven men realize that it will be the hardest fought gridiron battle of the entire year. W. and V. are almost unbeatable on their own grounds and if the 'varsity men turn the trick its all over about the championship honors.

By looking a little into scores it can be seen that Illinois' title is good. Take the case of Lincoln. In the first game of the season Lincoln defeated Illinois 7 to 0 but that was on a field of mud with the rain pouring down and it didn't give either team a chance to show their strength. Later on Lincoln was trimmed by Bradley 7 to 0; a week later Illinois trimmed Bradley 14 to 10. Again, Wesleyan beat Lincoln 19 to 0, Illinois turned around and defeated Wesleyan 10 to 9. And still again Lincoln won from Normal 9 to 6. Illinois took Normal in to camp on their own (Normal) grounds by the score of 22 to 7.

Millikin is claiming they are first in the list, but let's see. Millikin won from Illinois here by the score of 7 to 0 and that was on a fluke. On that day Illinois played the poorest game this season, none of the men showing their usual form. When Millikin finishes the season they will have played only six games while Illinois will have played eight, and those with representative teams of the association. Millikin played Lake Forest which is not in the association and last Saturday had no game. Then Millikin has starting them in the face the awful trouncing by Williams and Vashti by score of 33 to 0.

Wesleyan is out of the race, having been defeated not only by Millikin but also by Illinois. Wesleyan barely nosed out a victory from W. and V. 3 to 0. Now about Charleston State Normal. Charleston was beaten by W. and V. early in the season by a score of 56 to 3. Charleston defeated Shurtleff 26 to 12 on Normal's field. Illinois beat Shurtleff 33 to 12 on Shurtleff's own field. Charleston Normal defeated Illinois Normal 26 to 7 on Charleston field. Illinois won from Normal at Normal 22 to 7. Any way the dope is figured Illinois has it on all of the rest of the teams, and as at first mentioned will have the championship honors clearly of them win from Williams and Vashti Turkey day.

Illinois' Record.
Illinois 0; Lincoln 7.
Illinois 22; Normal 7.
Illinois 14; Bradley 10.
Illinois 10; Wesleyan 9.
Illinois 0; Millikin 7.
Illinois 12; Lombard 6.
Illinois 32; Shurtleff 12.
It will be seen by the above record that Shurtleff was the only team which scored two touchdowns against Illinois during the entire season and that was simply because the I. C. men got to loafing.

D. A. R. MEETING.
The Rev. James Caldwell chapter, D. A. R. will meet today (Tuesday) at 3 p. m. with Mrs. E. P. Brockhouse, 715 West State street.

AT THE GRAND.
"Mutt and Jeff in Panama," a combination of melodrama, farce and musical comedy, was witnessed by a large audience at the Grand Monday night. "Mutt and Jeff" had plenty to do in the play, which was written by Owen Davis, and provoked no little laughter with their comedy. There was also good music and the two principal fun makers were supported by a good company Wednesday night. Richards and Pringle's minstrels.
